Washington, D. C.

Dear Sir:

We have recently had our attention called to a publication entitled "The Medical Book of Merit," in which the services of the military surgeons during the previous war are given a record which they highly deserve.

The American Numismatic Society in its library has tried to secure all such material, and I am writing to ask if it would be possible for you to have a copy of this publication presented for our use.

Very truly yours

Dear Sir:

Would you kindly let me know if the Society received a copy of "The Medical Book of Merit" by Major Edgar Erskine Hume, sent in compliance with a request of the Society some time ago. This book is not a gift publication but is sold by the Association of Military Surgeons at \$2.00 per copy. Major Hume is now a patient in Walter Reed Hospital and this information is desired for him.
